Services

- Professional equipment setup and instruction
- Free processing of Medicare claims and insurance papers
- 24-hour, seven days a week emergency service for home oxygen and internal feeding
- Off-street handicapped parking

The home medical equipment staff of GPHC are experienced in serving both the medical profession and individual customers. All of our representatives and technicians are committed to making the most appropriate equipment selections and assuring proper fit and instruction, including any needed custom modifications.

Many customers and medical professionals find our showroom a convenient way to examine and try out any of the thousands of products we provide. Of course, our facility is easily accessible and we offer ample off-street parking.

To maintain the highest levels of professionalism in our work, GPHC is a member of the Midwest Association for Medical Equipment Services. We are also accredited by the Joint Commission on Accreditation of Healthcare Organizations.

The mission of Great Plains Health Company/Great Plains Rehabilitation Services and that of St. Alexius Medical Center is to “Let all be received as Christ.”
