

Home & Vehicle Accessibility

Helping People Live Active &

Independent Lives.

The home and vehicle accessibility staff of GPRS are trained to conduct thorough evaluations of businesses, public facilities, residential homes and vehicles. We can help modify your facility, residence or vehicle by providing the equipment, installation and training that may be required.

Our home and vehicle accessibility products and services include:

Ramps

**Steering Devices/
Hand Controls**

**Turning
Automotive
Seating**

**Scooter
Lifts**

We empower the mobility of our customers with the luxury and convenience of wheelchair lifts, scooter lifts, ramps, hand controls, touch pad devices, and steering devices.

Whether it's due to aging, accident or illness, trying to navigate around your home can be difficult. GPRS has bathroom safety equipment, roll in or low threshold showers, stair lifts, and ceiling lifts to help you with all your home accessibility needs.

**Stair
Lifts**

**Bathroom
Safety**

**Portable/
Permanent
Lifts**

If you're facing an accessibility problem in your home or vehicle, rest assured GPRS can help you maintain your independence.
